

RESOLUTION TO AUTHORIZE THE FRANKLIN COUNTY PUBLIC HEALTH (FCPH) TO ENGAGE WITH THE OHIO LEGISLATURE REGARDING SENATE BILL (SB) 83 INTRODUCED BY OHIO SENATOR JERRY CIRINO IN THE 135 GENERAL ASSEMBLY.

**WHEREAS**, the purpose of this Resolution is to authorize FCPH staff to educate the Ohio Legislature regarding Senate Bill (SB) 83 and not to advocate any positions.

**WHEREAS**, the following sections set forth factual information to address potential issues that may arise under SB 83.

**WHEREAS**, state institutions of higher education are subject to the provisions of SB 83, and according to the Dean (Dean) of The Ohio State University College of Public Health, SB 83, if passed, could jeopardize the ability of the college to maintain its accreditation with the Council on Education for Public Health (CEPH). Loss of accreditation would threaten the very existence of the college, with ripple effects that would negatively impact the communities we serve. As a dean and public health educator, the Dean is "deeply concerned about labeling core subjects in public health "controversial" and setting boundaries on how we teach our core topics. Either directly or indirectly, each of the examples listed in the legislation is either a major public health issue or is key to public health research, teaching, and service that is core to our mission. To be an accredited school or program of public health, we must teach what S.B. 83 labels "controversial" subjects."<sup>1</sup>

**WHEREAS**, according to Honesty for Ohio Education, SB 83 bans groups, clubs, organizations based on race, sex, sexuality, gender identity, possibly athletic teams and dorms; bans programs, policies, practices based on race, sex, sexuality, gender identity; restricts discussions about race, sex, sexuality, gender identity, "controversial" topics, including climate change; bans public statements and positions about "controversial" topics; bans employee strikes (faculty, staff, students). The legislation further dismisses race, culture, identity, lived experiences as "controversial beliefs and policies." A total of 549 opponent testimonies were submitted in opposition to SB 83.<sup>2</sup>

**WHEREAS**, ""Controversial belief or policy" means any belief or policy that is the subject of political controversy, including issues such as climate change, electoral politics, foreign policy, diversity, equity, and inclusion programs, immigration policy, marriage, or abortion" as defined by SB 83.<sup>3</sup>
