1ST NOTICE OF VIOLATION

December 12, 2023

Mariana Orozco & Francisco Becerra
2555 McComb Road
Grove City, Ohio 43213

RE: 2555 McComb Rd., Grove City, OH 43213
Jackson Township, Franklin County
Tax District #160 Parcel #000627

Dear Mariana Orozco & Francisco Becerra:

Franklin County Public Health has inspected the property located at the above-referenced address. The Franklin County Auditor's Site indicates you are the owners of said property.

The inspection of your home sewage treatment system was conducted on December 11, 2023. At that time, I noted the following:

New drain field lines were installed or existing drain fields were altered without a permit being issued by Franklin County Public Health. Please see enclosed photograph.

The above condition is in violation of Ohio Administrative Code 3701-29-06 (B) (Sewage Treatment System Rules) which states:

"A STS (sewage treatment system) or GWRS (gray water recycling system) shall not be installed, altered, or operated without an approved permit from the board of health."

To bring the property into compliance the following actions are required:

1. Obtain required septic system permit from Franklin County Public Health; and
2. Install new drain field lines in accordance with all provisions of Ohio Administrative Code 3701-29 "Sewage Treatment System Rules."

For your convenience, I have enclosed a "Permit to Install or Alter a Sewage Treatment System" application.

You will be given until January 12, 2024, to comply with this Notice of Violation. A reinspection will be performed on or thereafter to verify compliance. If these violations are not corrected, this matter may result in further administrative enforcement, or criminal charges or a civil lawsuit being filed in the Franklin County Environmental Court.

Please feel free to contact this office if you have any questions. Your anticipated cooperation in this matter will be highly appreciated.

Sincerely,

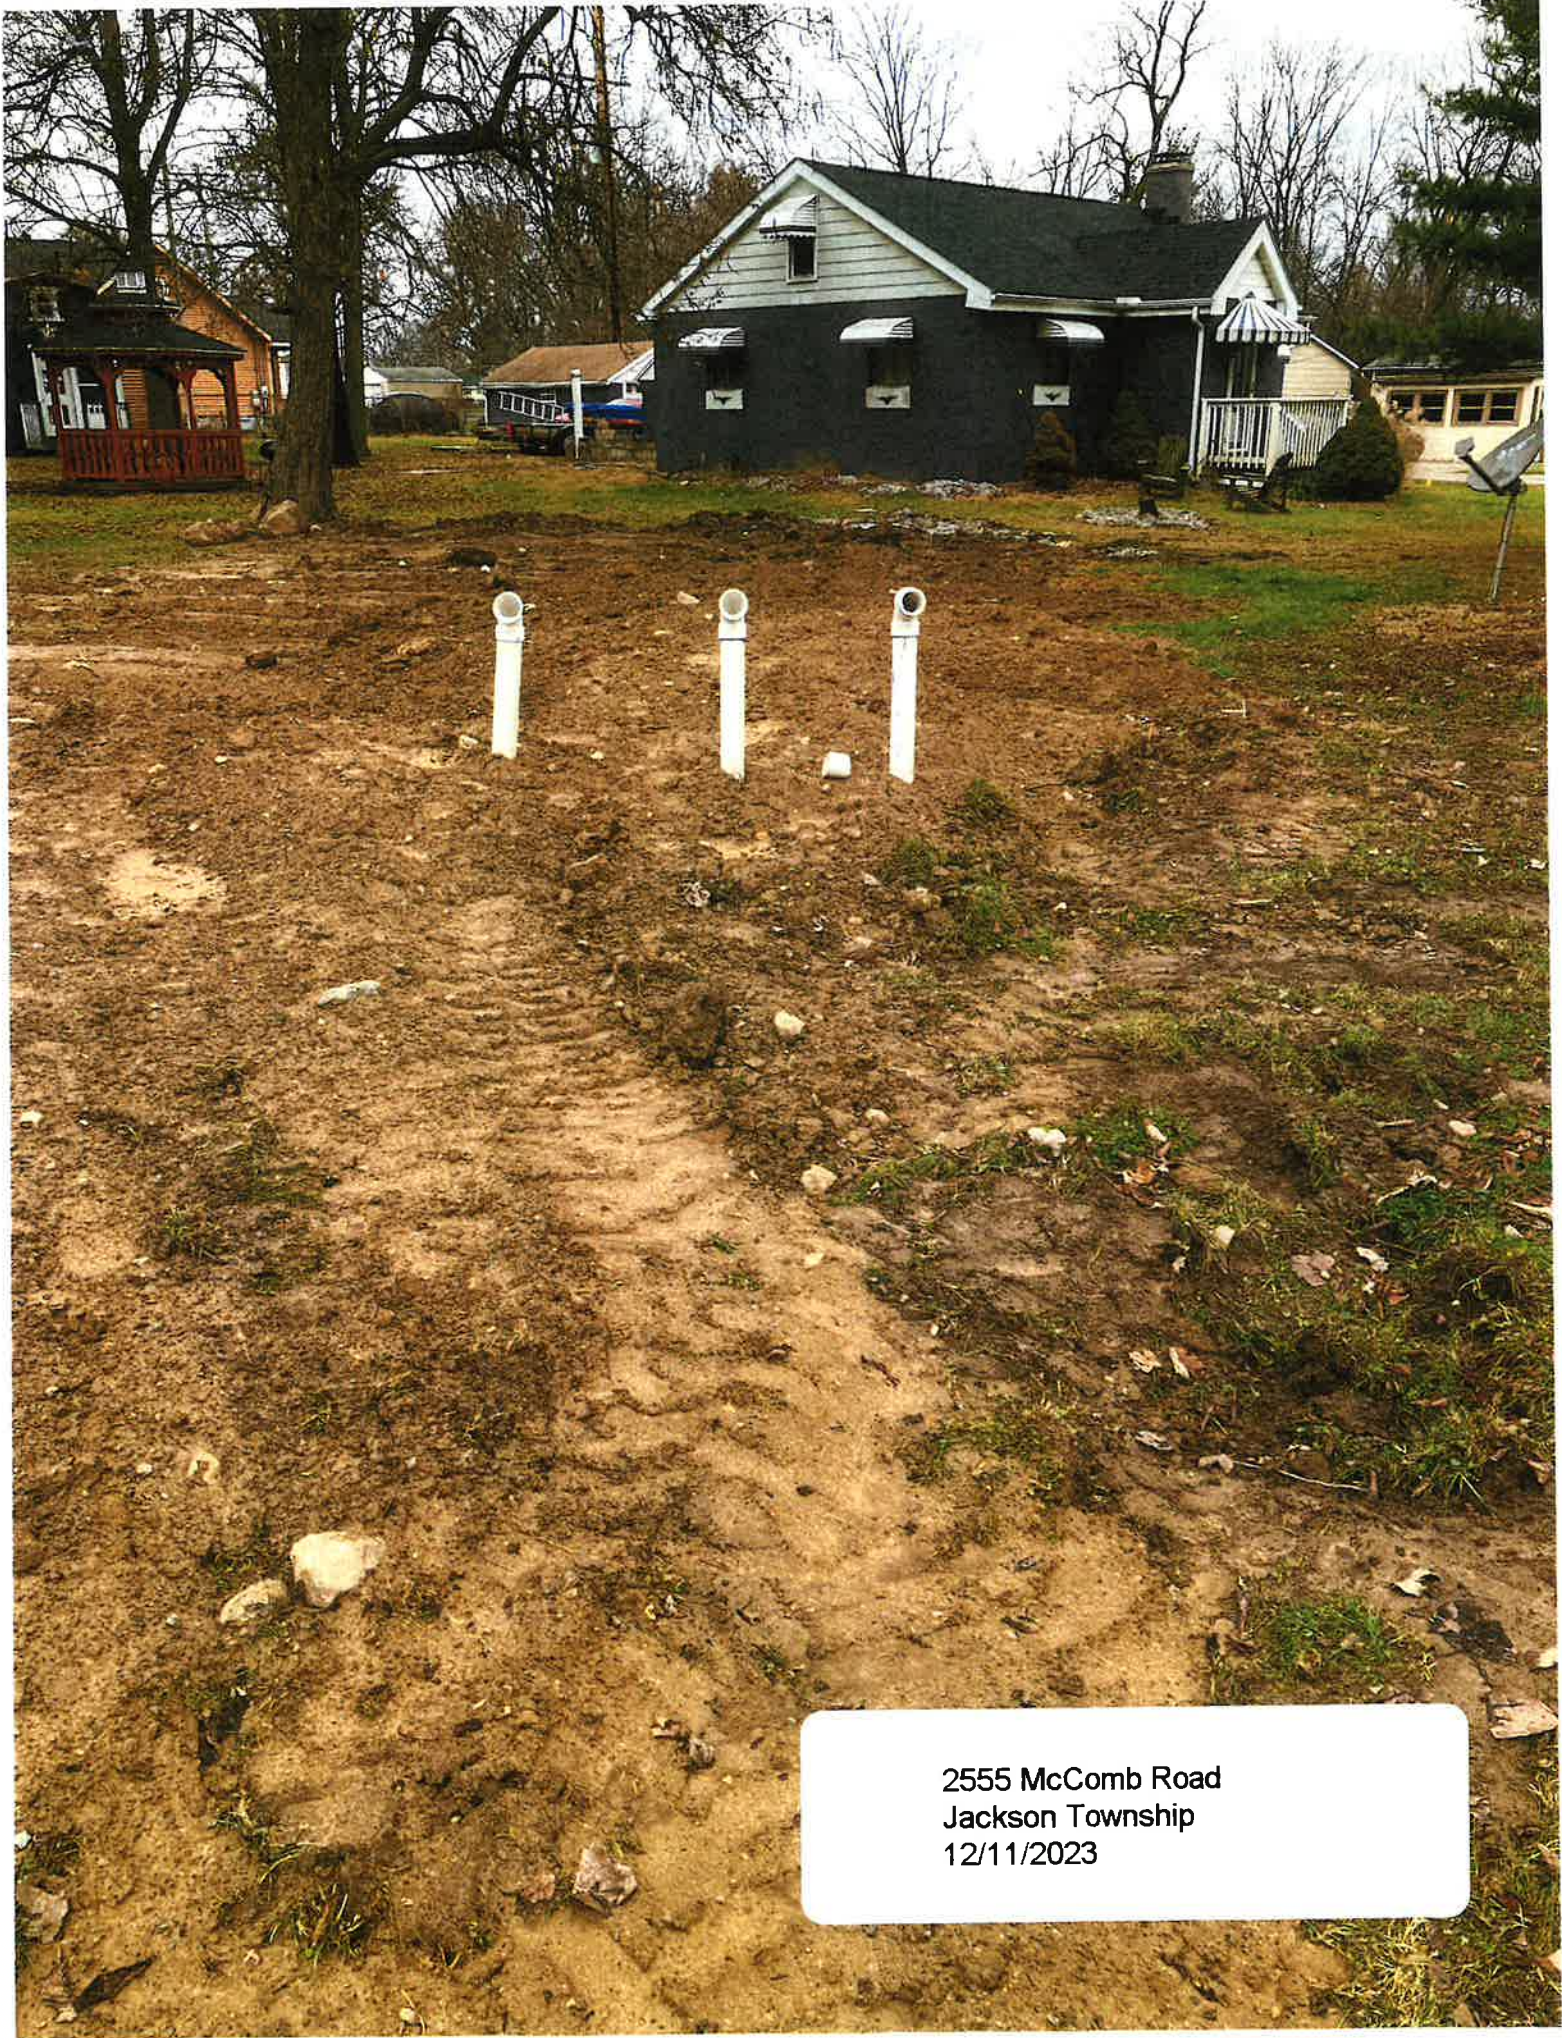

A handwritten signature in black ink that reads "James May".

James May, REHS
