RE: 8142 Clouse Road, New Albany, OH 43054
Plain Township; Parcel ID number: 220-002052

Dear Thomas E. and Tertia R. Roberts:

On June 16, 2024, I conducted an inspection of your home sewage treatment system. The inspection revealed that the aeration motor was not working. Please see enclosed 6/16/20242024 "Evapo-Transpiration Treatment System Observation Report."

Ohio Administrative Code 3701-29 "Sewage Treatment System Rules" requires that home sewage treatment systems be maintained in proper, working order. You were given 14 days to repair or replace the malfunctioning aerator motor. A follow-up visit on July 8, 2024, found the aeration motor was still not operating.

You will be given until July 31, 2024, to correct this situation. If the aeration motor has not been repaired or replaced by that time, this matter will be referred to the Franklin County Board of Health for further legal action. This could potentially result in further administrative enforcement, or criminal charges, or a civil lawsuit being filed in the Franklin County Environmental Court.

Please feel free to contact me if you have any questions and I will try to assist. Your prompt attention to this matter is appreciated.

Regards,

James May
